WELLBORN
CABINET[®]

Since 1961, Wellborn Cabinet, Inc. has been manufacturing quality kitchen and bath cabinetry in Ashland, Alabama. It all began with a small cabinet shop building cabinets for local markets. After years of focus, determination and dedication to the craft, Wellborn has become a nationwide state-of-the-art manufacturing facility with over 1.8 million square feet of some of the most advanced technology systems in the industry and over 60 years of acquired knowledge in high quality cabinetry craftsmanship.

OUR VISION

The Wellborn Family will be the most valued provider of permanent home cabinetry designed for a lifetime of gracious living.

OUR QUALITY

The entire Wellborn family and their employees take great pride in producing quality products. Our Quality Control Team includes over 100 employees dedicated to ensuring the quality of your cabinetry. Our certified inspectors man over 30 quality checkpoints throughout the facility.

OUR WARRANTY PROGRAM

Lifetime Limited Warranty

Wellborn Cabinet, Inc. provides a Lifetime Limited Warranty on the Select and Premier Series, Elegant Bath, BathScapes and Aspire Cabinetry to the original consumer purchaser for the lifetime of the product from the Wellborn Dealer's original date of purchase. The lifetime of cabinets is expected to be 10 years. Based on all other warranty terms and conditions being met, warranty claims will be prorated based on the expected lifetime of the product.

Exclusive Lifetime Limited Warranty Drawer Box, Door Hinge & Drawer Suspension System

Wellborn Cabinet, Inc. warrants our solid wood dovetailed drawer boxes to the original consumer purchaser for the lifetime of the product. Wellborn Cabinet, Inc. also offers an Exclusive Lifetime Limited Warranty to the original consumer purchaser on our Drawer Suspension Systems and Door Hinges. This warranty is expressed by the supplier. Replacement hinges and drawer slides are subject to availability from our supplier. If a claim is filed after a product becomes obsolete, the manufacturer will replace the discontinued product with a product that is closest to being equivalent to the original. Wellborn Cabinet, Inc. offers Limited Warranties to the original consumer purchaser. Please see warranty sheet for complete details.

OUR FACILITY

Since 1961, the Wellborn family has owned and operated Wellborn Cabinet, Inc. located in the southern part of the Appalachian Mountains in Ashland, Alabama.

WELLBORN'S ENVIRONMENTAL BELIEF STATEMENT

It is Wellborn Cabinet, Inc.'s corporate-wide goal to fully incorporate leading environmental practices, policies, and standards throughout our enterprise — from our suppliers through final delivery to our customers. Our environmental responsibility extends to selecting, educating, and embracing suppliers based on their commitment to similar environmental practices, including the use of sustainable or recycled raw materials as well as low emission products.

GREEN CHOICE IS ABOUT TAKING ACTION

Environmental stewardship has been part of Wellborn's culture since its beginning. This has been proven through decades of actions, investments, and practices. The Green Choice program ensures that you are purchasing a brand of cabinets from a company that takes conscious steps to protect and minimize the overall impact on our environment. At Wellborn, we have recycling programs that utilize wood waste to generate power and steam and continue to lower VOC emissions through technology. We partner with our suppliers to improve their environmental programs. You will find the KCMA environmental stewardship program seal proudly displayed on our cabinetry. We also partake in certification programs, which guarantees that our manufacturing process reduces the effects on the environment.

Wellborn continuously searches for new technologies and processes to improve our sustainability practices. We will continue to partner with our suppliers and industry associations in a joint effort to embrace the changes necessary and ensure that we all have a healthier environment. Wellborn's demonstrated commitment to environmental stewardship offers you the assurance that the cabinets you buy are the Green Choice for generations of family and the environment.

KCMA ENVIRONMENTAL STEWARDSHIP PROGRAM CERTIFICATION

Wellborn endorses the industry-wide efforts and commitment of the KCMA organization and its Environmental Stewardship Program (ESP). The ESP certification program establishes a standard, measurable benchmark for environmental performance. This certification validates our performance to adhere to high standards for air quality, product resource management, process resource management, environmental stewardship, and community relations. You will find the KCMA Environmental Stewardship Program seal proudly displayed on our cabinetry. The ESP program provides the only standards for manufacturers in the Kitchen & Bath cabinet industry that truly defines and measures the holistic environmental performance of a manufacturing enterprise — not just its finished cabinets.

The KCMA's Environmental Stewardship Program has been named as the benchmark for cabinets by the National Association of Home Builder's ANSI-approved Green Building Standard™.

Points toward ESP certification are awarded based on compliance in the following categories:

Air Quality
Product Resource Management
Process Resource Management

Environmental Stewardship
Community Relations

Wellborn Cabinet, Inc. along with our affiliate operations, are fully certified under this program. In looking to the future, Wellborn Cabinet, Inc. has committed to recertify annually as the program adopts new industry standards and practice.

Due to the limitations of photography and the lithographic printing process, the door materials shown in this brochure may not accurately depict those offered by Wellborn Cabinet, Inc. See your local Wellborn Dealer for actual sample color selections. Decorative hardware shown is optional. Doors made with solid wood stiles and rails with plywood veneer center panels will vary in finish from the stiles and rails to the center panel due to the difference in materials. This is not considered a defect and is not covered under warranty.
